

Westonzoyland Airfield Visitors Guide

31. **First Aid-** A first aid kit is provided in the clubhouse for emergency use. Please ensure you wash your hands and use the protective gloves inside the box (if possible) before handling other first aid items.

Whilst WFC provides the first aid kit in good faith, WFC does not accept responsibility for any of the items contained in the first aid box as being suitable for your specific needs or requirements.

WFC members are not trained first aiders but may, without incurring any legal liability, be prepared to assist you with temporary dressings.

Depending on the nature of the injury/illness, WFC suggests you may be best advised to seek professional medical help without delay.

32. **Clubhouse-**is for the use of WFC members and visitors. Equipment includes ovens, hob, fridge, freezer, computer, VHF base station, weather station console, battery charger, TV etc. This equipment will have been purchased by the club, donated by club members or may belong to club a member who allows others to use it. Whilst this equipment is periodically safety checked, it is also the responsibility of each user to ensure the equipment is safe before they use it. If any items are found to be faulty or broken, please do not use the item, remove it from service or turn it off and report it to a club member.
33. After using club equipment (including crockery and cutlery), please ensure you clean and return it to where it belongs immediately after use. Thank You
34. Coffee and Tea, is available to visitors for a modest donation into the blue cashbox near the sink. Similarly there is a supply of snack bars, crisps, chilled soft drinks and ice creams for sale. Please ensure you pay for anything you have, particularly as Colin runs this at a very small profit which he puts back into the club. Price list is on the wall.
35. The clubhouse door must be kept locked when not in use. If you are the last person to leave the clubhouse (irrespective of whether anyone else is at the airfield), please close the windows and drop the door latch. Thank You
36. **Toilets and shower block** is provided for the use of club members and airfield visitors. Users should ensure these facilities are always left clean for next user. The airfield is not connected to mains drainage and so only tissue can be flushed down the lavatory pan. Please take other used sanitary items away with you or place them in the receptacles provided.
After Use, the door should be locked and the key returned to clubhouse.
37. **Rubbish** - Receptacles are available at the side of the clubhouse for aluminium, glass & plastic bottles. Please do not use these containers for any other rubbish.
38. Visitors vehicles should be parked in the car park whenever possible. Visitors vehicles are not allowed airside without the express permission of the airfield owner.
39. Visitors are not allowed in the flexwing hangar unaccompanied.
40. Visitors must not touch aircraft/property not belonging to them. If an aircraft or other property needs to be moved, for any reason, ask a club member to contact the owner to move it for you. Damage can be expensive and you may be held liable for damage caused as a result of touching property not belonging to you. **Damage caused to another persons property-** must be reported to the owner or a committee member, immediately and certainly before leaving the airfield; see telephone numbers.
41. Items & equipment must never be removed from an aircraft without the owners specific permission.
42. Refuelling of aircraft must always be done outside.

Thank you For adhering to the procedures listed in this Visitors Guide, we hope you enjoy your visit.
